

COURSE OVERVIEW

Certified Measurement & Verification Professional (CMVP) is the most-recognized designation in measurement and verification (M&V) of energy savings. The program is based on the International Performance Measurement and Verification Protocol (IPMVP), the most-widely cited M&V protocol internationally. It is frequently listed as a key qualification in job announcements related to energy efficiency.

CMVP is a key requirement for ESCO accreditation by RSB Dubai.

CERTIFYING BODY

Efficiency
Valuation
Organization
